

## REQUISITES FOR EVALUATION FOR KETAMINE THERAPY

- Psychiatric records from past and present psychiatrists
- Past psychiatric hospital records
- Pharmacy records of prior medications used
- Recent lab tests/blood test results
- List of all the psychiatric medications tried in the past by date, (include dosage used) and what benefit or negative effect each had, and any side effects noted
- COMPLETED** "Initial Psychiatric Evaluation"

Please **fax** these before your visit if able (FAX # 817-329-3312), or bring them with you if necessary.

**Failure** to have these documents at the time of the visit will likely require us to reschedule your appointment

**If you have questions or problems, please contact us at 817-329-3300.**
